Project Demo Planning

Part 8 – Project Demonstration | Individual Project

Project: EV Market Performance & Insights

Project Type: Individual Project

Prepared by: Joha Khan

Date: 31 October 2026

Project Demo Planning

The demonstration is planned as a short, individual walkthrough of the EV dashboard and Tableau Story. The presenter will explain the objective, show the KPIs and visualisations, demonstrate the Year filter, and conclude with the main insights.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & problem statement	Introduce the project, objective and analysis questions.	0.5	Joha Khan
2	Solution overview	Explain the CSV dataset and Tableau-based approach.	0.5	Joha Khan
3	KPI overview	Explain total EV sales, average driving range and average customer rating.	0.5	Joha Khan
4	Visualisation walkthrough	Explain yearly trend, category, battery, country, map, manufacturer and scatter plot.	2.5	Joha Khan
5	Dashboard filter & Story	Demonstrate the Year filter and navigate through Tableau Story points.	0.75	Joha Khan
6	Conclusion	Summarise findings, limitations and possible future improvements.	0.25	Joha Khan

Demo Flow Summary

Step	Activity	Notes
1	Introduction & Problem Statement	State the project objective and explain why EV market data needs visual analysis.
2	Solution Overview	Explain that the supplied dataset was connected to Tableau Public and converted into a dashboard and Story.
3	Live Feature Demonstration	Walk through the KPI cards, charts, map, Year filter and Story. The submitted video is a recorded walkthrough.
4	Q&A Session	Answer evaluator questions during the review, if a live Q&A is scheduled.

Note: Durations are a proposed presentation plan and can be adjusted to the evaluator's time limit.
